Ow!

push

Gosh
she's always
saying the most
embarrassing
things

heh
heh

Aya's voice?

It just
stung a little,
I'm fine

Sorry,
you okay?
Static shocks
really hurt, huh?
Is your arm
all right?

It actually
does hurt her?

Why would she
claim it didn't hurt
if it did?

She's
been
lying
to me?

Tsuru-chan,
what's wrong?

STEP

STRIDE

Whip?

WHIRL

Why did you tell me
static electricity
doesn't hurt you
if it does?!

As long as
you love me,
it's fine to be
to me?

Tsuru-chan.

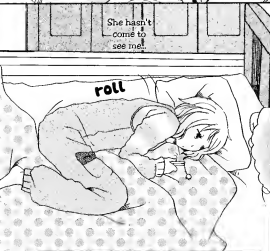

That's
enough

It's been
two weeks since
that day...

She hasn't
come to
see me...

I haven't
spoken to
Aya since
then.

She hasn't
called or
texted me.

But I
refused to
listen to
what she
wanted
to say...

stand
things
like this

I can't...

She did it all
because... she
loves me.

First off,
I need to
apologize

After
that.

I just hope...
Aya will
forgive me.

Tsuru
chan?

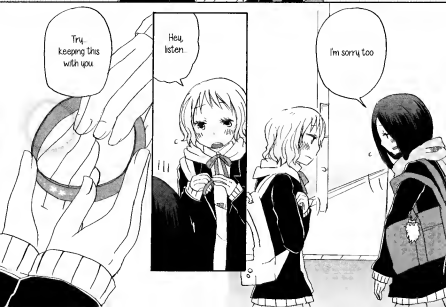

Oh no...

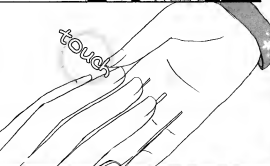

Aya isn't
saying
anything...

I wouldn't
listen to you
and just ran away
I'm sorry...

I knew
she'd be
mad...

Yes?

Hey,
Tsuru-chan?

What?

This means
now I can
snuggle you
just as much
as I want to!

Well... sounds
fine to me, but
don't go too crazy,
all right?
